

HONORING HUGH BRADY

• Mr. CRAPO. Mr. President, I rise today to congratulate Mr. Hugh Brady of Boise Idaho who will be inducted into the Idaho High School Activities Hall of Fame on August 6th, 2003. In 1954 Mr. BRADY started working at Idaho Sporting Goods, and he has been dedicated to helping young people in Idaho participate in athletics ever since. Mr. BRADY, who later became the owner of the sporting goods store, has sponsored Little League baseball teams, football teams, basketball teams, soccer teams, softball teams, and bowling teams. He also took the time to coach many teams over the years.

Mr. BRADY has demonstrated extraordinary support for athletics and the youth of Idaho. There have been numerous instances when a student could not afford the cost of equipment to participate in a sport and Mr. BRADY made sure that they got it. Mr. BRADY, you make Idaho proud!

For the past 4 years, Mr. BRADY has battled lung cancer. My wife, Susan, and I along with many Idahoans will keep him in our thoughts and prayers.●

HONORING VICTIMS OF GUN VIOLENCE

• Mr. LEVIN. Mr. President, earlier this week, more than 35 dedicated cyclists with People Pedaling Peace made the 200-mile trip from Hampton, VA, to Washington, DC, to honor and remember victims of gun violence. In partnership with the Alliance for Justice, the People Pedaling Peace cyclists rode not only in honor of the victims of gun violence, but for stronger, more sensible gun safety laws in America and to raise awareness of violence against children in this country.

Pedaling for Peace was started in 2001 by Sandra and Mike McSweeney whose daughter, Stephanie, was killed while walking out of a roller rink in Hampton, VA. Mr. and Mrs. McSweeney, as well as several other individuals affected by gun violence and violence against children made the journey this year. Others who made the trip include Craig Scott, whose sister Rachel is a Columbine survivor; Amber Hensley, a student at Thurston High School in Eugene, OR, who witnessed the shootings; and Lorraine Reed, mother of two daughters, one of whom was murdered and one of whom was seriously assaulted. Unfortunately, the total number of people like them who have lost family and friends to gun violence continues to grow.

According to the Centers for Disease Control and Prevention, the total number of gun deaths in the United States has been dropping since 1993, when it peaked at nearly 40,000, to around 28,000 annually 1999 through 2001. However, guns still kill more young people in America than the most common diseases of our time. Thousands more children are injured, lose a loved one, or live in fear of gun violence.

I hope my colleagues will join me in commending all of the cyclists who pedaled for peace, and join me in supporting sensible gun safety legislation.●

DELBERT L. LATTA POST OFFICE BUILDING

• Mr. VOINOVICH. Mr. President, I rise today on behalf of a bill considered by the Senate, H.R. 985, to designate a post office in Bowling Green, OH, as the Delbert L. Latta Post Office Building. I strongly support this bill honoring a long-time member of the Ohio congressional delegation. Naming this post office after Del Latta is a fitting way to honor him. The building that houses this post office also served as a district office for Mr. Latta during his 30 years of service in Congress.

Delbert Latta is a native and lifelong resident of Ohio. Born in the small northwestern town of Weston, OH, Mr. Latta attended Findlay College and Ohio Northern University Law School.

Mr. Latta began his service to our Nation as a member of the Ohio National Guard. During World War II, Mr. Latta served with the U.S. Marine Corps Reserves.

After his military service, Mr. Latta practiced law in Bowling Green, but in 1953, he again answered the call to public service by running for the State legislature. Mr. Latta was elected to the Ohio State Senate. After serving three terms, Mr. Latta was elected by the people of Ohio's fifth congressional district to the U.S. House of Representatives. During his long and distinguished career in Congress, Mr. Latta fought hard against wasteful government spending and to balance the Federal budget, a passion that I share.

During his 30 years in Congress, Mr. Latta earned prominent committee assignments in the House, including serving as the ranking member of the Budget Committee, and as a member of the powerful Rules Committee, and the Agriculture Committee.

Naming this post office the Delbert L. Latta Post Office Building is a wonderful tribute to a man who served Ohio and our Nation with distinction throughout his life.

I thank my colleagues for their consideration of this matter.●

TRIBUTE TO ARTHUR G. STEPHENSON

• Mr. SHELBY. Mr. President, I rise today to recognize the outstanding accomplishments and distinguished career of Mr. Arthur G. Stephenson upon his retirement as the Director of the NASA Marshall Space Flight Center. It has been a privilege for me to get to know Art. While retirement announcements are things that we do not like to hear when it involves someone who has been as vital to the success of an organization as Art has been to Marshall's, I would like to say how much I have enjoyed working with Art and his staff

during his tenure as the Director of the Marshall Space Flight Center.

As the Director of one of NASA's largest field installations, with more than 6,500 civil service and contract employees and an annual budget in excess of \$2 billion, Art successfully managed a very broad range of activities for the U.S. space program. Some of these critical NASA initiatives included development of new reusable launch vehicles, space shuttle propulsion, advanced space transportation systems, second and third generation propulsion technology development programs, research in microgravity, and science payload operations aboard the International Space Station. He also oversaw the establishment of the National Space Science Technology Center, a partnership with universities and Federal agencies to conduct cutting-edge research. Art also oversaw the planning and establishment of the Propulsion Research Laboratory, a world-class laboratory for research into future space transportation and propulsion technology. Art has led the Marshall Center in numerous successful space shuttle launches in which Marshall was responsible for all propulsion elements. Under Art's direction, the Marshall Center has completed testing of the truss and pressurized modules for the International Space Station, and provided support for the construction and operation of the International Space Station, including Marshall's Payload Operations Center which controls all the science experiments aboard the space station.

Art brought more than 35 years of experience in the space industry to NASA and used it to the great benefit of the Marshall Center and the U.S. space program. I could list many additional achievements and professional accomplishments, and I believe that success is directly attributable to Art's record as an extraordinary leader throughout his career.

Art has been an important and respected member of the Huntsville community. I know that I speak for many people in Huntsville and everyone in the NASA family when I say that we all thank Art for his tireless commitment to NASA and to Marshall. We sincerely hope that he and his family will remain part of the Huntsville community for many years to come.●

ARTHUR LEVITT, JR.

• Mr. SARBANES. Mr. President, earlier this month the Franklin D. Roosevelt Distinguished Public Service Award was presented to Arthur Levitt, Jr., the widely respected former chairman of the Securities and Exchange Commission. The award is made annually by the Franklin D. and Eleanor Roosevelt Institute, on whose board I am privileged to serve.

The speaker at the presentation was Conrad Black, now Lord Black, chairman of the Telegraph Group, Limited. Lord Black is active in numerous non-profit boards, foundations and councils.
